Natural noshes

Cherrybrook Kitchen's line of all-natural cake mixes are remarkable for two reasons: They could pass for homemade and they're nut-free, dairy-free, egg-free, kosher and vegan. The chocolate cake, made with imported Belgian cocoa powder and dark chocolate chips, wasn't overly sweet, a

good thing. The frosting, which can be prepared with either margarine or butter, was rich and intense in flavor. Cake mixes and frosting, \$4.99 at Whole Foods, Manhasset, or may be purchased online at www.cherrybrookkitchen.com (\$5.29 for the cake mix and \$4.29 for the frosting.)
