Offer Good until August 1, 2006. Limit 2 per household.
Not to be combined with any other offer.

Whole Grain Goodness

Did you know that our NEW Whole Grain Pancake Mix received certification from the Whole Grains Council? What exactly does this mean you may ask? In order to receive this "stamp of approval", a product must contain at least 8 grams of whole grains per labeled serving. The WGC 2005 Guidelines advise eating half or more of our grains as whole grains – at least three 16g servings per day. To find out more about the Whole Grain Council certification, visit www.wholegrainscouncil.org.

Now you can enjoy Cherrybrook Kitchen in the morning with the added benefit of whole grain. Just like the original version, this makes light and fluffy pancakes or waffles every time. To order, please visit <https://www.cherrybrookkitchen.com/items.asp>.

Here we grow again!

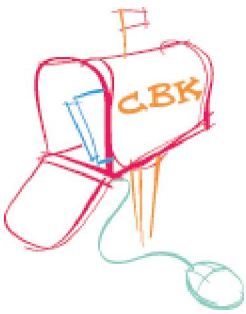

Cherrybrook is growing in leaps and bounds and is now happy to announce availability in the following stores:

Wild Oats (including Henry's and Sun Harvest): All 170 stores will be carrying our 4 original mixes (chocolate chip cookie, sugar cookie, chocolate cake and yellow cake) and our wheat free/gluten free chocolate and vanilla frosting mixes.

Kroger (available this summer): 1,323 of the Kroger locations will be carrying our mixes very soon. All stores will carry our 4 original mixes and our wheat free/gluten free frostings. Larger stores will also carry our NEW brownie and original pancake mix. Please contact a store nearest you for mix availability.

Don't have Wild Oats or Kroger near you? Don't despair! We are available in over 3,000 stores nationwide! To locate a store near you, please visit our [website](#) to find where you can purchase our products.

Fan Mail

Do you have a story you'd like to share about your experience with Cherrybrook Kitchen mixes? Visit our [customer comments](#) page and let us know what you think! We love to hear from you! Here's a great email we received from Jen M.:

"My daughter, who is 3, is allergic to both eggs and peanuts. We found out about the peanuts at about 10 months and the egg at about 18 months. We ordered from Cherrybrook last year and my daughter loved the cake (chocolate of course)! My husband and I tried it and we could not tell the difference between her cake and regular cake with eggs. It is tough on my daughter because she is at the age where she understands when kids are eating something that she can't have because of her allergies. But now she is able to bring cookies and cupcakes to daycare and enjoy them with the rest of the kids. Thank you for giving that to her and allowing me to make her smile a little bit more! "

New Kosher Certification

We are happy to announce that we have recently obtained the Orthodox Union Kosher Certification for all of our products (formerly all products were certified through Tablet K). For over 80 years the Orthodox Union has maintained the highest standard of kosher supervision and certifies more than 400,000 products making it the world's most recognized and the world's most trusted kosher symbol. For more information on the Orthodox Union, please visit: www.oukasher.org.

We are always updating our website with new information and helpful tips so be sure to check back often! Cherrybrook Kitchen cares about our customers and always values your input. Please contact us by phone, email or visit our website if you have any questions or comments.
